

FAST SECURITY

Fast Security 1.0

Saab is proud to announce a new generation of motorcycles

This street-tuned 120 cubic inch FS 1.0 Crate Motor takes your bagger from mild to wild. This engine is designed for bolt-in installation in the Original Equipment-style chassis of your Touring bike. No special fabrication or engine mount relocation is required.

TIRE

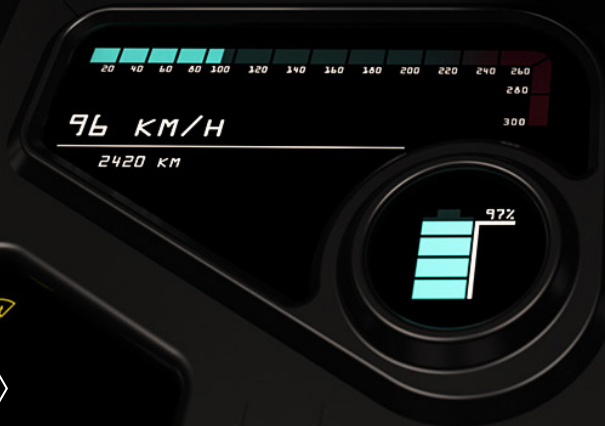

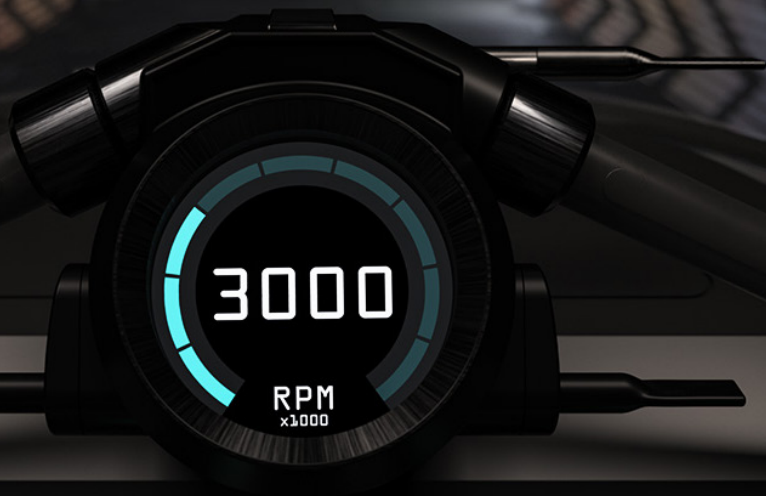

For any surface and every season, there's a FS 1.0I tire that delivers fast performance and unparalleled security.

FS 1.0

INTERIOR

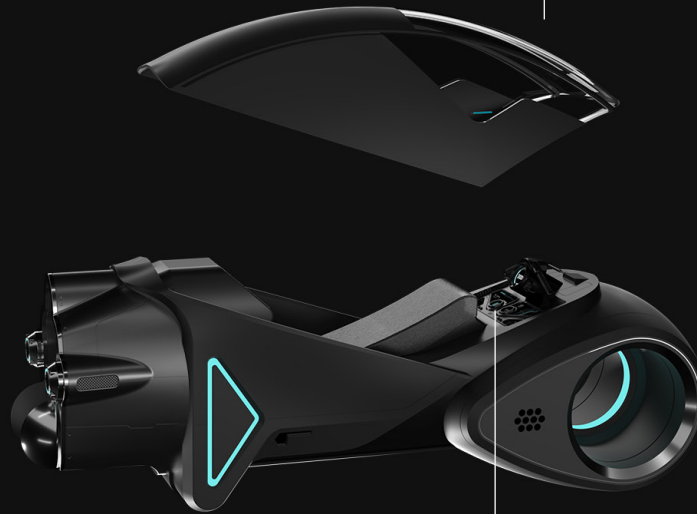

The FS 1.0 inch touchscreen controls most of the motorbikes functions.

Opening the all glass panoramic roof, customizing the automatic climate control, and changing the radio station all happen with a swipe or a touch.

The touchscreen, digital instrument cluster, and steering wheel controls seamlessly integrate media, navigation, communications, cabin controls and vehicle data.
